## DESPERATE EFFORT MADE BY STALIN TO AVOID NAZI CLASH

Realized 6 Weeks Ago Hostilities Were Inevitable, It is Said

### WARNING WAS GIVEN

Stalin Told Graduating Class of Red Army Academies of Impending Danger

(Editor's Note: The desperate efforts of Josef Stalin to avoid war with Germany and his realization six weeks ago that hostilities were inevitable are disclosed in the following dispatch from an International News Service correspondent who has just left Soviet Russia. His dispatch, written after departure to avoid Soviet censorship, has just reached Berne.)

(Copyright 1941).  
BERNE, Switzerland, June 26—As long ago as May 6 Josef Stalin realized that war with Nazi Germany was inevitable despite his desperate efforts at "appeasement." International News Service is able to reveal today.

Information reaching Berne from an International News Service correspondent who left Soviet Russia just before the Russo-German war began discloses that Stalin officially warned that conflict was coming in an address to graduates of the Red Army military academies on that date.

The formal graduation ceremonies in the Kremlin were followed by a State banquet, at which a member of his government proposed a toast to the "Stalinist peace policy." The bullet-headed, 61-year-old Bolshevik leader rose to his feet.

"No," he said, brushing aside the toast with a wave of his hand.

"Not to the Stalinist peace policy. To victory of the glorious Red Army in the great battle against Fascist Germany."

The graduation ceremonies themselves were reported in the Russian press, but no details were published. But diplomatic circles received accurate information as to what occurred, and no one in official Moscow was unduly surprised when at dawn on Sunday, June 22, the Nazi legions launched their invasion.

To the graduates, Stalin talked for forty minutes, emphasizing importance of the reorganization, re-equipment and modernization which during recent months brought the Red Army up to modern standards. But these additional statements—not published at the time—were made:

"Our glorious Red Army must be prepared to fight Fascist Germany at any moment, and to fight on enemy territory. As long as Hitler occupied himself with reification of the injustices of Versailles we could, and did, support Germany.

"Now Hitler is striving for world domination. This we cannot tolerate. We will fight Germany to the death."

### BETROTHED

Mrs. Elizabeth White, 802 Beaver street, announces the engagement of her daughter, Miss Olive Beatrice Winslow, to Mr. Jesse Merle Bachofer, son of Mr. and Mrs. Ferdinand Bachofer, Tullytown.

If you have a house to rent, advertise it in The Courier.

## Affair at Craven Home Given for Alma Harris

Miss Alma Harris, of Emille, was feted at a shower of miscellaneous gifts at the home of Mrs. F. Leslie Craven, Jr., Fallington, on Tuesday evening, the affair being a surprise to the honored one.

Tiny pink parasols were suspended from the living-room chandelier, with gifts attached to streamers radiating from the parasols. The dining table was also decked with small parasols and miniature brides. Following a program of games, refreshments were served.

The invitation list included: Mrs. James Harris, Mrs. Henry Lovett, Mrs. Frank Hibbs, Mrs. John Bixler, Mrs. Harry Morrell, Mrs. Theodora Foracre, Mrs. William Lovett, Mrs. Alice Rockhill, Mrs. Warren Bruce, Mrs. John Morrell, Jr., Mrs. Edward Hillborn, Mrs. Doris Wilson, Mrs. Ruth Brown, Mrs. James Booz, Mrs. Melvin Houser, Mrs. Abbie Prael, Mrs. J. Russell Booz, Mrs. Nelson Simon, Mrs. Horace Booz, Mrs. E. H. Shoemaker, Mrs. Charles Bruce, Mrs. Willis Wink, the Misses Dorothy Lovett, Martha Prael, Gladys Wink, Lidie Wilson, Rose Baker, of Bristol Township; Miss Dorothy Waters, Bristol; Miss Harriet Lodge, Mrs. Donald McSherry, Fallington; Miss Dorothy Gaskell, Tullytown; Mrs. James Schoffstall, Lebanon; Miss Gladys Still, Miss Beverly Still, Trenton, N. J.; Messrs. Thomas Montgomery, J. Russell Booz, Bristol Township; F. Leslie Craven, Fallington.

## FLAMES DESTROY BAILER IN FIELD

Farm Machinery, 15 Tons of Straw and 14 Bags of Barley Are Consumed

### LOSS WILL REACH \$2,000

Fire yesterday totally destroyed a bailing and thrashing machine, 15 tons of straw and 14 bags of barley on the farm of Anthony Lancaster, Haines Road, Bristol Township. The loss is estimated at about \$2,000.

Lancaster and his men were working in a field on Haines Road when without warning the straw suddenly caught fire. The flames quickly spread to the machinery which was in operation and "within almost a minute the whole thing was over," says Mr. Lancaster.

The farm machinery was just recently purchased for \$1700. A large truck loaded with barley had just left the scene or that would have gone up in flames, too.

There were about 15 tons of straw

## Three Teachers Honored At A Tea In Glenside

GLENSIDE, June 26—In honor of Miss M. Elizabeth Lamb, Doylestown high school principal, who is retiring from the teaching profession today, two former Bucks county seat teachers, Mrs. Warren Evans Fairbanks, of this place, and Mrs. Ray Stout, Media, entertained at a tea at Mrs. Fairbanks' home here, Monday, when two other teachers, Mrs. Frank Halston and Mrs. James B. Pretz were also honored.

Both Mrs. Pretz, who will make her home in Doylestown, and Mrs. Halston, who will live in Pottstown, have resigned their positions. The three Doylestown school teachers, Miss Lamb, Mrs. Pretz, and Mrs. Halston, were presented with beautiful corsages.

Mrs. J. Leonard Halderman, of Doylestown, poured.

### TO ATTEND SERVICE

Members of Bucks Lodge, 1169, L. O. O. M., are requested to meet at the lodge home tomorrow evening at 7.30, to attend service for the late Frank Nicoletti.

## Here and There in Bucks County Towns

Morrisville's three public school buildings are to be painted and generally improved in appearance this summer, the supervising principal, Manohar R. Reiter, announces.

The floors of class-rooms, and the walls and ceilings on the first floor of the Robert Morris building are to be painted; new entrance doors installed; and work on the gymnasium completed.

All rooms of the Manor Park school will be painted; and at the William E. Case building the ceilings, walls and floors will be painted.

Trim on the exterior of Summerseat, which houses the supervising principal's office, and home economics department, will be re-painted.

Presenting a report for the crop committee at the meeting of the Horsham Farmers' Club at the home of Mr. and Mrs. Ellison Finkle, near Horsham, a few nights ago, William L. Paxson stated that the prospects for a heavy wheat yield in this community this season are quite good. He stated also that the potatoes appear to be in good condition. Corn, he said, is small because of a lack of rain earlier in the season, but the prospects for a good corn yield, he said, are good. Mr. Pax-

## LATEST NEWS . . .

Received from International News Service Over Special Teletype News Wire.

### Russians Raid Turku

Turku, Finland, June 26—Russian war planes heavily raided Turku today, starting numerous fires. Turku Castle was hit by a bomb but only slight damage resulted.

### Civilians Killed

Bucharest, June 26—Several civilians were killed and injured when Soviet war planes raided the heart of Bucharest twice today, dropping 20 small-calibre bombs.

### Italy To Send Aid To Germany

Rome, June 26—The Italian Government announced today that a Fascist Expeditionary Force will be sent to the Russian front to aid Germany against the U. S. S. R.

An official communique said Premier Mussolini this morning reviewed the first motorized division of the expeditionary corps chosen to be sent to the Russian front. The review took place at a city in the Po Valley where Mussolini arrived by plane.

### Moral Support for Russia

Washington, June 26—Authoritative quarters indicated today that American aid to Soviet Russia is, for the present, going to be chiefly in the form of moral support to encourage the Russian people to resist the German military onslaught.

The U. S. Government, it is said, is seeking all reasonable ways and means of bolstering the morale of the Russian people but it is not prepared to turn over any important defense materials to the Soviets until they have shown conclusive evidence of a determination to fight to the utmost of their ability.

If the Russian armies hold the Germans in check and it becomes apparent they are determined to continue fighting, this government will then be prepared to consider meeting some of their practical military needs.

### New Anti-Tank Gun Sight

Camp Forrest, Tenn., June 26—One dollar's worth of gas pipe, ten cents' worth of adhesive tape, two 15-cent mirrors, and some solder.

Two National Guard officers of the 75th Field Artillery Brigade, in training at Camp Forrest, took this heterogeneous collection of articles and created from them a new anti-tank gun sight that equals in performance the \$640 sight developed by the army.

## MAY HAVE TO ACCEPT "ERSATZ" ERA IN AMERICA

Shortages In Ten Vital National Defense Materials Reported

### WILL HAVE TO SACRIFICE

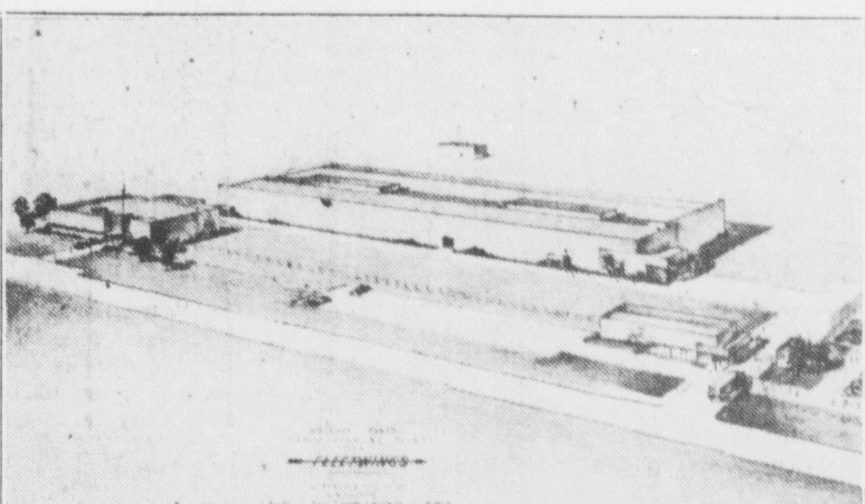

(Note: This is the third of a series of four articles on the effect of the National Defense Program on the man in the street.)

By Jack Vincent  
(I. N. S. Staff Correspondent)  
WASHINGTON, June 26—(INS)—Shortages in ten vital national defense materials may force Americans to accept an "ersatz" era.

The greatest shortages are in aluminum, magnesium, steel plates, and copper.

## NEW FLEETWINGS PLANT

Construction of the new addition to the plant of Fleetwings, Inc., manufacturers of airplanes and airplane parts, is now under way on Green Lane, north of Beaver Dam Road, Bristol Township. It will be a complete "black-out" structure, as shown in the above photograph. The building will be one-story in height. It will be illuminated with fluorescent lighting and will be completely air conditioned. There will be 170,000 square feet of floor space.

The main office of the firm will be located at the new plant. Buildings in the group above: Rear, power plant; center, main plant building; left front, office; right front, personnel and guard house. Large parking area is located along front of property but this is not the main parking area for employees, which will be located elsewhere.

The new plant will be located on a site easily convertible to an air field with runways in excess of 4,000 feet in four directions.

The new structure is designed so as to permit great flexibility of Fleetwings' products. It is so arranged that its size may be quadrupled without disturbing the efficiency of the basic floor plan.

## EXPECT 200 TO REGISTER IN DISTRICT NUMBER 2

No Additional Offices Will Be Opened or Help Employed

### OUTLINES THE DISTRICT

LANGHORNE, June 26—The Selective Service Board No. 2, headquarters of which are on the second floor of the Parry Building, here, is anticipating approximately 200 young men to register from this district on Tuesday, July 1st, the second selective service registration day.

This number, state members of the board, will not be sufficient to warrant opening any additional offices in the district, or employing extra help.

The three members of the board, C. Wilson Roberts, Southampton, chairman; Gershom M. Howell, Morrisville; W. Aubrey Merrick, Newtown; and chief clerk, John E. Walsh, and his assistant, Miss Winifred Sylvester, will care for the registrations. The hours are to be from seven a. m. to nine p. m., eastern standard time.

The area embraced in the jurisdiction of this board is: Townships of Upper and Lower Makefield, Wrightstown, Newtown, Middletown, Warwick, Northampton, Warrington, Warminster, Upper and Lower Southampton; Boroughs of Ivyland, Newtown, Yardley, Morrisville, Langhorne, Langhorne Manor, South Langhorne and Hulmeville.

## Guests of Honor, Alumni Dinner, Are 27 Graduates

NEWTOWN, June 26—The 27 members of the class of 1941, Newtown high school, were guests of honor at the 52nd annual banquet of Newtown high school Alumni Association, held on Saturday evening at Tyro Hall Grange hall, Buckingham. There were 107 persons in attendance.

Francis Sutton acted as toastmaster and Miss Margaret Vanartsdalen welcomed the new class into the association. Miss Mary Miller, president of the class, responded.

The class was introduced by Dr. Ross L. Neagley, principal of the school.

William J. Ellis, who has not missed a banquet since graduating in 1895, gave an inspiring talk. He stated that this association is the only one in Bucks county that had remained intact since its organization. He also said it is one means of keeping in close contact with the school.

Mrs. Roberta Douglas, a former resident of Newtown and a member of the first graduating class, was present with her three daughters, also members of the association. Another member present and who has been a faithful worker of the association since 1904, was Frank J. Sutton.

### NOTICE TO FARMERS

The attention of all farmers is called to form No. 42, by the Bucks County Council of Defense, if they have employees of draft age. It is necessary that this form be completely filled out, sworn to and submitted to their Local Draft Boards if such boards are to give proper consideration to the deferment of farm workers that are essential to their employers' farms.

In the past some needed farm workers have been inducted into the army because their draft boards did not have all necessary information submitted to them in the manner required by law. Form No. 42 may be obtained from the Local Draft Board.

### ADDRESSES ASSOCIATION

ATLANTIC CITY, N. J., June 26—Dr. Julius Sobel, of Bristol, spoke here today before the Hernia Section at the forty-fifth convention of the American Osteopathic Association.

## Registrants Are To Be Entertained By Legion

The young men in the area served by Bucks County Selective Service Board No. 1, who are required to register for army duty next Tuesday, will be the guests on Monday evening of members of Robert W. Bracken Post, No. 382, American Legion, at the post home, 619 Radcliffe street.

All young men who are eligible for registration are invited to attend the affair.

At that time J. Leslie Kilcoyne will speak; and members of the local Selective Service Board, Thomas G. Hawkes, Percy G. Ford and Frank Carlen, will give instructions as to where and how to register; and will also answer questions which the young men desire to ask.

Refreshments will be served. Jacob C. Schmidt, Jr., who is representing the Bucks County Council for Defense, is aiding the American Legion in its plans.

## John B. Spencer, Jr., Is Accepted at Naval Academy

John B. Spencer, Jr., Pond street and Jefferson avenue, who was recently honored with an appointment to the United States Naval Academy at Annapolis, Md., has been accepted and assumed his course of study and training last week.

Cadet Spencer, who is the son of Mr. and Mrs. John B. Spencer, was recommended to the post by Congressman Charles L. Gerlach. He is believed to be the first Bristol young man over a period of many years to be accepted at the Naval Academy.

A graduate of Bristol high school, class of 1938, Cadet Spencer completed his course here with honors. He received the Fathers' Association award for being the member of the class having the highest average in the senior year; and also received prizes for work in mathematics and Latin; likewise an award for displaying the best leadership in any major extra-curricular activity, athletics not included.

Mr. Spencer has likewise been an active worker in the Young People's Society of Calvary Baptist Church, which group he has served as an officer.

## 8 'n' 40 Salon Names Its Delegates, State Convention

With members from the Bristol area serving as hostesses, Bucks County Salon, No. 74, of the 8 'n' 40 Society, had a meeting in the Bracken Post home, Radcliffe street, last evening. Mrs. George Morris, South Langhorne, presided.

A picnic will be held in conjunction with the meeting on July 23rd, this to be at the home of Mrs. Harry Heller, Treves.

Mrs. Walter Strouse, Tullytown, was chosen as delegate to the state convention at Altoona in August; with Mrs. Fred Bryner, Edgely, as alternate. Miss Rita Keating, South Langhorne, was named Ponoir representative.

A social hour included serving of refreshments.

## NEARLY 300 TO RECEIVE FIRST AID CERTIFICATES

Hon. V. A. Carroll, Associate Judge, Phila. Common Pleas Court, To Speak

### S. LANGHORNE, JULY 1

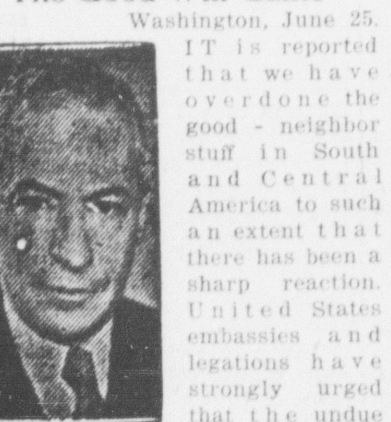

SOUTH LANGHORNE, June 26—The Honorable Vincent A. Carroll, associate judge of the Court of Common Pleas No. 2, Philadelphia, will be the main speaker when certificates are

## THE GREAT GAME OF POLITICS

By FRANK R. KENI  
(Distributed by McNaught Syndicate, Inc.)

### The Good-Will Game

Washington, June 25. IT is reported that we have overdone the good - neighbor stuff in South and Central America to such an extent that there has been a sharp reaction.

United States embassies and legations have strongly urged that the undue

number of businessmen, politicians, scientists and celebrities of various kinds who have been going to these neighboring republics as semi-official "good-will ambassadors" be curtailed, not to say stopped.

IN particular, it is urged that no more "glamor boys" and movie stars be commissioned by the White House, or anyone else. In this recommendation, it is said, the State Department heartily concurs. As a result it is understood that this Administration policy is in process of

abandonment. There still are assorted and well-advertised gentlemen in South America assiduously cultivating "good will" in their ardent amateurish way; but no more will be sent.

THIS puts something of a crimp in the activities of the Co-ordinator of Commercial and Cultural Relations Between North and South America, which is only part of the title conferred upon Mr. Nelson Rockefeller some months ago by the President.

Mr. Rockefeller went earnestly to work and has done a very excellent job along the lines he was told to labor. It is not his fault that the ballyhoo feature has been overplayed. For instance, it was the White House, rather than the Co-ordinator of Cultural and Commercial Relations, which, after somewhat more than ample advance notices, sent young Mr. Douglas Fairbanks, Jr., down to charm the seniors and senioritis.

AND others of the same type have followed on the same initiative. It, of course, is somewhat humiliating

## BROTHERS, SISTERS SHARE THE ESTATE OF WILLIAM BRUDEN

Alice Gallagher, Pine Street, Is Bequeathed Estate of Mother

### WILLS ARE ENTERED

Number of Wills Probated Are For Estates in Upper Bucks County

DOYLESTOWN, June 26—Two brothers, George W. and John B. Bruden, and four sisters, Ida S. Bruden, Mary E. VanArsdale, Rose O. Harrison and Edna Bruden Murphy, will inherit the \$2500 personal estate and real estate, including a farm at Headley Manor, of their brother, William Bruden, Bristol township. George W. Bruden, 241 Cedar street, Bristol, was named the executor.

A daughter, Alice R. Gallagher, 701 Pine street, Bristol, was bequeathed the \$1100 estate of her mother, Anna Gallagher, with the stipulation that she maintain a home for her father at 701 Pine street, Bristol. The daughter was also named the executrix.

The widow, Jane Todd, 201 East Broad street, Quakertown, will inherit the \$500 personal estate of Henry Todd, Quakertown.

The widow, Margaretta Hillscher, two sisters, two nephews, a great niece and two great nephews are the heirs named in the letters of administration in the estate of Frank C. Hillscher, New Britain. A farm of 51 acres is a portion of the estate.

A son, L. Calvin Fluck, 38, Penrose street, Quakertown, was granted the letters of administration in the estate of Lydia Ann Fluck, Quakertown, amounting to a personal estate of \$2,000 and real estate at Fourth and Market streets, Perkasie.

Two sons, Gurney F. Afflerbach, West Rock Road, Allentown, and Ralph H. Afflerbach, Mayfair, Philadelphia, will share the \$5,000 personal estate and real estate at 43 South Seventh street, Quakertown, left by their mother, Maggie Afflerbach, of Quakertown.

In the estate of Vernon J. Zweier, Quakertown, letters of administration were granted to David L. Weaver, 1103 West Broad street, amounting to \$375. The real estate comprises a vacant lot and the heir is his widow, Martha G. Zweier.

Several County Seat residents figure in wills as decedents or heirs according to the instruments probated in the Register of Wills' office here.

A niece, Mrs. Anna Wolfinger, Umstat, 348 Maple avenue, was named the sole beneficiary, with the exception of a bequest of \$100 to the Doylestown Cemetery Company, of the estate of Horace Mills, who left a personal estate of \$1600 and real estate valued at \$3000. Mrs. Umstat was named the executrix.

Mrs. Charles Schabinger, South Main street, town, and George L. Beldier, Churchville, will share equally the \$3,000 personal estate left by their mother, Lydia C. Beldier, who resided here. The two heirs, both of whom were named executors, are brother and sister.

A Jenkintown dentist, Dr. Elwood T. Quinn, 491 Old York Road, was granted the letters of administration in the estate of Caroline A. Rufe, of East Ashland street, who left a personal estate of \$300. The heirs include Mary R. Siegler, John M. Rufe, Augustus H. Rufe, Gertrude L. Rufe and four grandchildren, all of town, and Helen F. Quinn, of Jenkintown.

Margaret L. Good, Buckingham township, who left real estate holdings valued at \$1700, including a house at 147 West street, this place, directed that a brother, Edward Y. Good, Chalfont, should receive an income for life and at his death a sister, Florence G. Rice, should be the sole heir.

## Membership Banquet Much Enjoyed By Young People

Twenty-five were served at the membership banquet of the Young People's Fellowship of St. James' P. E. Church, served in the parish house last evening by members of the Mothers Guild. The affair followed a membership drive.

Decorations were arranged in the form of a tent in the colors of blue and yellow. Favors for the girls were small corsages, and for the young men boutonnières. Yellow and blue flowers also decorated the tables, and balloons were also used in the color scheme.

Miss Nan Townsend, toastmistress, called upon the following for remarks: the Rev. and Mrs. George E. Boswell, Mrs. William DuHamel, Miss Jane Rogers, Mrs. Frank Phipps and Mrs. Robert Bruden.

Dancing was enjoyed to recorded music; and Jack Lynn was aided in a "radio" skit by a group of young men. The menu included: Fruit cup, baked ham, escalloped potatoes, corn, cole slaw, rolls, coffee, peaches, cake.

### AMERICAN TANKS

American Army tanks have just been given two severe tests—one in the Tennessee war games and another in the brief British thrust into Libya. Reports from the Tennessee war front are satisfactory; those from the North African front are meager, but encouraging.

Maj. Gen. A. R. Chaffee, commander of the nation's tank forces, said that the tank used by the United States Army is superior to the German tank in mobility and in quality of armor, but inferior in fire power. The Army, it is reported, will continue to go in more for mobility than for tonnage. Perhaps quality of armor compensates for inferiority in fire power. If it does not, this is a fault which can be quickly corrected.

American-made tanks seem to have given a good account of themselves in the action in the desert. Of chief concern in the United States are these two points: Were the American tanks effective, and will the Nazis learn valuable secrets from the tanks captured? Even on the basis of Nazi reports, the American tanks seem to have been effective, for the German-Italian force in Libya is reported to be enormous, and the battle is described as the greatest tank action since the last war.

Only one "secret" seems to have had a chance of falling into the hands of the Nazis and that is that there is better steel in the American than in the German tanks. But the Nazis have known that all along, and there has not been anything they could do about it.

The main thing wrong with American tanks is that there are not enough of them. One of General Chaffee's staff predicted that "under present conditions, we could have nine divisions by the end of the year."

### TAMERLANE'S GHOST

A person does not have to be highly imaginative to suspect that the announcement from Moscow that the skeleton of Tamerlane has been found in the magnificent tomb at Samarkand, which the conqueror built for himself from stones which ninety captured elephants had borne from India, is designed to have timely significance. It may be an honest-to-goodness archaeological note; it may be subtle propaganda; or it may be both. The timing is what matters.

Trying to figure out the working of the Oriental mind is a tricky business, but it may be that the minds of the Russian people are turned at this moment to Tamerlane's last successful exploit in order to distract Russian minds, if momentarily, from German successes in the invasion of Russia and toward a time of Russian conquests.

The fact that the reported discovery of Tamerlane's bones erases the charge of the theft of them by the Persians might have made the Russian going easier in the Middle East—the Persians are sensitive about such things—except for the fact that Hitler appears to have put an end to any practical ideas of conquest his former collaborator, Stalin, may have entertained as recently as several days ago.

If Ickes has his way and gasoline rationing cards are issued, it will be necessary to take an appraisal of the gas tank, rather than the pocketbook, before starting on a joy jaunt.

## PERKASIE YOUTH FACES MANY CHARGES

Roy Worman is Now Being  
Held in House of Detention at Doylestown

### IS A JUVENILE CASE

PERKASIE, June 25.—A 16-year-old youth, Roy Worman, was committed to the Bucks County House of Detention recently to await action of the Juvenile Court. The youthful offender is charged with a long list of offenses, including larceny of an automobile, larceny of an automobile registration plates, changing registration plates from one car to another, operating an automobile without the consent of the owner, operating a car without an operator's license, operating a car without a registration card and failure to stop at the signal of an officer. To cap the list of alleged offenses, he was a fugitive from justice nearly two weeks.

Philadelphia police finally caught up with him when he apparently had enough of the fugitive life. Worman's escapades began at Menlo Park, Perkasia, Thursday, June 5th, when he stole a car belonging to R. Coveles, Lansdale. The theft was reported to police here, who in turn notified police in neighboring towns, but the boy was not apprehended until midnight, on Friday, June 6th, when Officer Schatz recognized him at the wheel of an automobile. Schatz blew his whistle, but Worman stepped on the gas and sped away with Schatz in hot pursuit. Schatz fired a shot to frighten the youth and it had the desired effect.

Worman turned to the side of the street and stopped the car. When Schatz examined the car he was surprised to learn that the registration plates did not correspond with the plates on the stolen car, and a check-up revealed that the plates had been issued for a car belonging to Russell Miller, this borough. The Miller car had been involved in a collision several weeks earlier and had been placed in a local garage awaiting repairs. When Schatz went to the garage he discovered that the license plates had been stolen.

With Worman, when apprehended, were two youths from the Three Mile Run section.

Because of his juvenile status, he was not given a hearing, but he spoke freely and gave a detailed story of his travels of more than a week, which took him to Baltimore, Washington, Harrisburg and finally to Philadelphia, where he arrived on Friday of the past week. He denied taking the car from Menlo Park on Thursday, June 5th. He said he saw the car abandoned, without license plates, at Third and Callowhill, an undeveloped section of Perkasia, on Friday afternoon, June 6th. He went to the Perkasia Vulcanizing Company plant at Fourth and Walnut streets, took the license plates from the Miller car and put them on the abandoned car and drove away.

The two lads who were with Worman when he was apprehended told police that on the night they saw Worman on Ninth street trying to start the engine of the car. They knew Worman and offered to help him start the car. Worman promised to drive them to their home north of Perkasia, if they would push the car to give it a start. The car was started in that manner and the boys got

into the car, but before they arrived at their home Officer Schatz entered into the picture. Worman had told his friends that the car belonged to his sister's boy friend.

### FASHION PARADE

By Garry Kelly

(Famous Hollywood Stylist Writing For International News Service)

HOLLYWOOD — (INS) — No color appears each season with such recurrent intensity as beige. This year it's beige again. But we don't think of beige as just "beige" any more. There are too many tones of a single shade and this is important when deciding on the entire color scheme, even the fabric, of an ensemble.

One might carry a Kelly-green bag with sand beige but never with a rosy-beige. Hollywood girls are so keen on the shades and also so keen in their selections of one or another of the many tones that they wouldn't select a frock or piece of material without first holding it against the face to test if for complexion appeal. Also, different beiges take on different casts under artificial light.

So watch your beiges. To name a few before naming some smart ensembles in this perennial color, there's summer's newest "banana" beige, so-called because of its yellowed tinge heading the list of smart "yellows" for the mid-season. Jot down toffee and run as two other new shades of it. Then there is taffy, meringue and honey, beige the color of Graham crackers, and chamois beige. Mushroom and vanilla are the two "white" beiges that take the place of white for girls who prefer them. There is also a lovely new gray beige that may even be combined with gray.

Constance Bennett's "scoop," to be seen in "King Hubert," is an exotic vanilla beige chiffon dinner dress trimmed with black lace. This has all the trailing flimsiness of a negligee, the lace in a wide ruffle edging the front, the short, set-in sleeves, and the bottom of the skirt which falls into an abbreviated train.

At one of the numerous parties the film colony has been giving to welcome Gloria Swanson back into the fold the star of honor wore a print with background of champagne beige and a diminutive design showing small white bouquets of flowers tied with narrow navy velvet ribbons. These ribbon bows were actual, not a part of the design. Gloria had donned a small hat made entirely of white azaleas and deemed navy accessories the smartest choice.

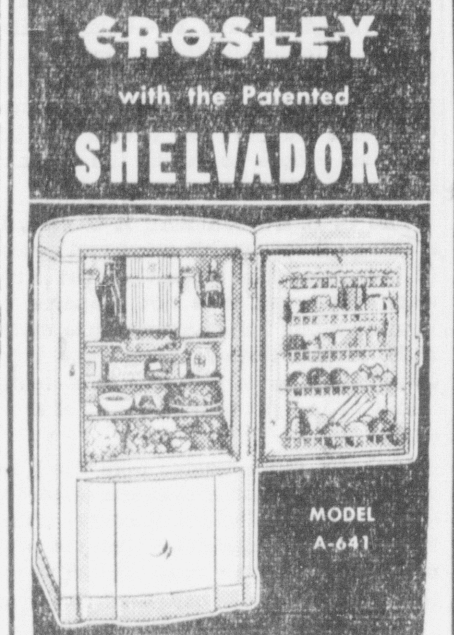

I almost forgot to mention "topaz" beige, the actual color of the jewel, and the color of the hour in Hollywood.

### IF IT WERE ONLY TRUE

CAMP BARKELEY, Texas.—(INS)—When Private Thomas Sutton arrived at Camp Berkeley, Texas, one of the items he handed officers for their inspection was a carbon copy of his induction papers. It gave the officer quite a start—not to mention Private Sutton, who did not know the carbon had slipped and listed his features as follows: Frame—Red; Color of hair—Blue; Color of eyes—Ruddy; Complexion—No Comment.

## The Finest in Manpower -- Uncle Sam's Soldiers

THE FINEST IN MANPOWER BECAUSE OF THEIR TRAINING, EQUIPMENT, HIGH MORALE, LOYALTY TO THE UNITED STATES OF AMERICA, DETERMINATION TO KEEP THIS COUNTRY THE WONDERFUL DEMOCRACY IT IS! UNCLE SAM'S SOLDIERS ARE OUR PRIDE AND JOY, AND THE ENVY OF EVERY COUNTRY ON EARTH!

## The Finest in Printing -- Comes From Bristol Printing Co.

THE FINEST IN PRINTING BECAUSE OF THE TRAINING OF OUR STAFF OF ARTISANS, THE 31 YEARS' EXPERIENCE OF BRISTOL PRINTING COMPANY, THE MODERN EQUIPMENT OF OUR SHOP, AND BECAUSE WE KEEP ABREAST WITH THE NEW DEVELOPMENTS IN THE PRINTING FIELD. YOUR COMPLETE SATISFACTION IS OUR AIM!

### YOUR NEWSPAPER PRINTING PLANT CAN DO A BETTER JOB!

#### SPEED

WHEN YOUR PRINTING  
IS DONE BY  
BRISTOL PRINTING COMPANY

SPEED, the by-word of modern business, is an integral part of our printing business. Our plant is equipped with both the manpower and machinery to turn out your orders with speed, consistent with quality.

ACCURACY to every detail of instruction, from the time the order is received until the finished forms are delivered, assures you quick, efficient service. A trained staff of proof-readers offers double protection to you.

#### QUALITY

WHEN YOUR PRINTING  
IS DONE BY  
BRISTOL PRINTING COMPANY

QUALITY in the finished printed form is something you should watch for when you buy printing, because if it's worth printing at all you ought to have it done by people who know all the tricks. Our trained staff assures you of quality work.

LOW COST—Our prices are low for the work we do. Don't look for a bargain in printing, because there isn't such a thing. Our presses are always busy—printing the newspaper, and handling job printing. Our volume enables us to quote low prices without sacrificing quality.

## Here and There In Bucks County Towns

Continued from Page One

Awards were received by seven of the 24 Future Farmers of America students from Bucks, Lehigh and Montgomery counties, entered at the State judging contests at State College. The lads have received certificates of merit.

Richboro high school will receive an F. F. A. plaque, such being received on the basis that the school had a boy receiving first place in state contests. Bucks County lads placing are: Donald Moll, Sellersville - Perkasie school, 9th place in feed identification contest; Theodore Daniels, Richboro high, first place in judging for the state in competition with 165 other selected contestants.

Some Bucks County boys also placed well in athletic events. The boys who were selected for this trip on the basis of their good work, were: Carl Lauble and Carroll Howes, Langhorne - Middletown; Charles Lowme and John Price, Newtown; Theodore Daniels and Harry Bubeck, Richboro; Donald Moll and Merle Bryan, Sellersville - Perkasie; Edward Labs, Linford Labs and Norman Ziegelfuss, Springfield township, Pleasant Valley.

The boys were accompanied by Samuel L. Horst, County Vocational Agriculture Adviser for the three counties, and the following agriculture teachers who assisted in the various contests: Ray Hagenbuch, Newtown and Langhorne; Raymond Lloyd, Sellersville-Perkasie; Woodrow Rothenberger, Pleasant Valley; Joseph End-slow, Slattington; Quentin Hine, South Whitehall township; V. S. Ensminger, East Greenville, and C. S. T. Potts, Hatfield.

## Nearly 300 To Receive First Aid Certificates

Continued from Page One

presented Tuesday evening next to the women and men of this section of Bucks County who have completed the first aid course given by the Parkland Fire Aid Station, under the home defense plan as participated in by Jesse W. Soby Post, No. 148, American Legion.

The Legionnaires, who state they will award approximately 300 such certificates at the South Langhorne Casino, at eight o'clock Tuesday night, also announce as additional speakers: Paul Sine, Perkasie, commander of the Ninth District of the American Legion; William Gaston, Langhorne, commander of Soby Post; Guier Wright, Ardmore, Montgomery county chairman of national defense; and Joseph Law, president of Parkland Fire Aid Station.

Judge Carroll, a former assistant district attorney of Philadelphia County, is well known as a forceful speaker, and will have a home defense story to present which everyone should know.

The men and women who have completed the first aid course have been faithful in attendance, and have applied themselves in such a manner, state the instructors, as to receive worthy commendation.

The junior drum and bugle corps of the Soby Post will entertain with a few selections.

The public is invited to attend.

### Germany Claims Red Air Force Crippled

Berlin, June 26—The German Luftwaffe has already virtually crippled the Red Air Force and the Nazi army has now pushed spearheads into the vast Russian plains, authentic military quarters announced today.

Incessant raids on Soviet airports wrecked or disabled scores of Red planes, it was said, and Germany's air supremacy over Russia is now unquestioned.

The high command continued silent regarding the actual territorial gains so far recorded. Developments are occurring so fast, it was said, that it is difficult to gauge the full military importance of the current operations.

A promised full statement on the campaign had not appeared up to a late hour this afternoon. Authoritative quarters, however, released a few details, including the disclosure that German planes last night effectively bombed Foror Castle, described as staff quarters of Soviet troops on the front. "Great explosions" occurred when sticks of bombs descended on the castle, it was said. In addition, a motorized column almost a mile long was virtually destroyed by Nazi bombers when it was sighted moving toward the castle.

### RAF Attacks French Coast

London, June 26—A large force of RAF planes attacked the German-occupied French coast today after bombers during the night poured fire-killing bombs on the German bases at Bremen and Kiel and hammered Boulogne.

From dawn, on through the day, swarms of British fighters patrolled the English Channel and French coast following the terrific hammering meted out to Kiel and Bremen.

Then, early this afternoon, power squadrons of bombers crossed the Kent coast and sped to France. A few minutes later the rumble of distant explosions across the channel told the story of another devastating daylight raid.

The Nazi naval base at Kiel, and the German port of Bremen were subjected to blistering raids. The Air Ministry said large fires were started at both centers and the docks of Boulogne also were bombed. One British plane was lost.

### Raider in North Atlantic

Berlin, June 26—The German pocket battleship Admiral Scheer is raiding in the North Atlantic and has already sunk 152,000 tons of merchant ships, military quarters revealed today.

### Bomb Soviet Army Staff Headquarters

Berlin, June 26—Successful bombing of a Soviet army staff headquarters at Foror Castle on the Eastern Front was disclosed today as Hitler's field command postponed a promised statement detailing the full extent of German victories.

### Evening Affair Given In Honor of Mrs. J. Whyatt

Friends assembled at the home of Mrs. Joseph Whyatt, Wilson avenue, last evening, tendering her a surprise. Pinocchio prizes were won by Mrs. Robert Patterson, 695; Mrs. Schuyler White, 665; Mrs. Harry Pope, 652.

Refreshments were served. Others present were: Mrs. David Nell, Mrs. Maurice Roche, Mrs. Alfred McLaughlin, Mrs. Herbert Hanson, Mrs. William Borchers, Mrs. Clarence Wilson, Mrs. Wilson Black, Mrs. Emma Barr.

### Expect 200 To Register In District Number 2

Continued from Page One

The national headquarters of Selective Service has issued a request of state and local national defense groups, that they aid in securing public co-operation in displaying the American flag on Tuesday, the second national registration day.

### Flames Destroy

#### Bailer in Field

Continued from Page One

nearby and the flames consumed this almost instantly.

Residents nearby saw the blaze and called the Headley Manor Fire Company. The firemen were quick to arrive but there was no water available and they were helpless to prevent the loss.

About a week ago, Mr. Lancaster lost a valuable cow out of his herd when the animal was struck by lightning. The cow had just been milked and was turned out when it was killed almost instantly by a bolt of lightning. The animal was valued at over \$200.

### May Have To Accept "Ersatz" Era In America

Continued from Page One

nickel, cork, zinc, brass and tin. Later it is expected that imported foodstuffs, wool and chemicals may become scarce.

This means that articles made from the materials, which American shoppers are accustomed to see on store counters, will become more and more scarce, and perhaps impossible to obtain in the next 12 months.

OPM Director John D. Biggers says "the idea that we can have all the guns we want and all the butter too" has been abandoned.

"The kind and degree of sacrifice necessary for defense has not yet been fully realized by the people of America," says Wayne Coy, liaison officer between the OPM and the White House. "The population has been slow to appreciate the meaning of defense."

Right now, according to defense officials, any one who could invent a substitute for cork could make a tidy fortune. Cork, normally imported from Spain, Portugal and North Africa, is becoming so scarce that defense officials may bar its use in non-defense articles such as insulation board and floor coverings. Most homes in the U. S. have some form of cork composition covering the kitchen floor. The shortage is so acute that the use of it for bottle caps may be banned.

In other materials, such as tin and rubber, defense officials say that there are no shortages but that it is vitally necessary to cut their use in civilian goods in order to build up stockpiles. Tin is used for coating the inside of cans and food containers. Ultimately, paper or glass containers may be substituted for the tin can. However, government scientists have developed a process where tin cans can be coated with silver instead of tin—and just as cheaply.

The situation in aluminum, nickel,

cork, zinc and brass is described as "very serious." Ultimately, chemicals will become scarce. This may cut production of patent medicines, make the housewife do without some cleansing fluids and soaps, and even affect the output of certain types of medicated cigarettes.

Defense officials had hoped that plastics would replace many metal products. The automobile industry is probably the greatest developer of plastics but it now appears as if shortages also will develop in that line.

Steel for building of new office buildings and apartments also may be difficult to buy. The construction industry also will be hit by shortages of copper roof gutters, wiring, insulation, copper screens and plumbing; zinc weather-stripping and galvanized roofing.

Just what the final effects of the shortage of metals will be on automobiles, radios and refrigerators cannot be forecast. However, it appears that the numbers of the models of radios and refrigerators will be reduced and automobile lines may have to be simplified.

(Tomorrow: Price and credit control.)

## The Great Game of Politics

Continued from Page One

that the ostentatious, effusive and gushing friendship which we have been exuding toward the whole of the southern half of the Western Hemisphere so steadily and so long should meet with so chilling a response. Nevertheless, it will be well worth while if it has the effect of making us face realities and stop being silly about South America. The truth is that there is a great deal that can be done to promote our general relations with South America and, in particular, to in-

crease our mutual interest in resisting the totalitarian aggressions. But we are not pursuing sound and effective methods to attain these ends.

—0—

IN the first place, we assume that there is between us and the South American republics a natural affection and esteem fundamentally due to the fact that we all live on the same side of the world. That is not so, and every experienced diplomat and observer in North and South America knows it is not so. Nevertheless, on that assumption, for many years we have been treating the South Americans with good neighbor and good will speeches until they have become absolutely meaningless. State Department representatives in South America have reported before that the people generally down there were getting fed up on these speeches; that they were all alike; that the South Americans were not loving us at all.

—0—

TRUE, the South American diplomats in Washington and the distinguished delegates to the Pan-American conferences responded in kind, but there was no secret that they snickered about it among themselves and that the periodical outbursts of good-will oratory on both sides evoked more merriment than anything else. Within the last year there has been a great intensification of this "We-love-you-little-brothers" stuff upon the part of the United States. Scores of unofficial promoters of cordiality, with official letters of introduction and a mission of friendship, have been touring around the South American countries, exuding sweetness and light. The magazine News Week reports that nearly all these have two ambitions: one is to be officially entertained; the other, to make speeches.

—0—

LONG-SUFFERING American diplomats, News Week declares, have reported that they now have run completely out of sympathetic or acquiescent audiences for these peripa-

tetic preachers of good will; that they are reduced to drafting American clubs to listen to them; that one enthusiastic gentleman's demand to make a radio address was satisfied by letting him talk into a dead microphone one, etc. All this, of course, is disconcerting to those who are so earnestly managing the Good Will and Good Neighbor policy from Washington. But, if this policy were but slightly altered so as better to conform with realities, there would be no need for discouragement.

—0—

THERE, of course, is every reason for doing all we can do to combat Nazi propaganda in South America and to promote all the good will possible. But neither can be done effectively in the way we are trying to do it. What is needed is: First, to call off these patronizing, self-advertising amateurs; second, to put an end to these ridiculous and repetitious "We-love-you-little-brothers" speeches; third, to see to it that all the American Ambassadors, Ministers and Consuls in South America are uniformly high-grade, competent men, instead of just most of them, as is now the case; fourth, to put this whole business of South American good will in their hands, backing them up in their practical recommendations and giving them enough money with which to operate. In this way, students of South American relations believe, we could get ten times the results, at one half the cost.

Several ambitious, responsible and mature women to earn \$3 to \$5 daily showing and selling America's finest line of popular priced dresses. Full or part time. Summer line now complete. Many styles drastically reduced. You may win your own dresses FREE. Phone Morrisville 7660 or Write MAISONETTE FROCKS, Trenton, N. J.

## Miss Patricia Moore Austin Is Introduced By Grandmother

Miss Patricia Moore Austin, daughter of Mrs. James Moore Austin, was presented to society yesterday at a tea and dinner arranged by her grandmother, Mrs. Esmond H. Austin, at their residence, "Farley Farm," Bensalem Township.

Receiving with the debutante and Mrs. Austin were Mrs. Edward C. Tatnall, of "Farley Farm," and Mrs. W. Hobart Porter, of Bryn Mawr.

Miss Austin wore a gown of white lace over silk, featuring a long-fitted bodice and full ruffled skirt. She is a graduate of Springside School, Chestnut Hill, completing her course this Spring.

Several hundred guests were served at tea, with covers being placed for approximately 150 guests at dinner.

### Events For Tonight

Card party in Odd Fellows hall given by Shepherds Delight Lodge, 8:30 P. M.

Card party at home of Mrs. Raymond Vorahold, Halmesville, 8:30 p. m., benefit of Eastern Star Chapter of Bristol.

### In a Personal Way

INTERESTING bits of news mainly about people you know. A chronicle of the activities of the people of Bristol; their goings and comings.

To arrange for publication of weddings, telephone The Bristol Courier, Bristol 846, notifying at least a few days in advance the date of ceremony.

Engagement announcements must be submitted in writing.

Mrs. Cornelius Cashman and daughter Grace, Salem, Mass., and Miss Marie Blake, Marblehead, Mass., are guests for some time of Mr. and Mrs. Robert Cox, Lafayette street.

Mr. and Mrs. Eugene Spadaccino and daughter Jean, Cedar street, are vacationing this week with relatives at Baldwin, L. I.

Mr. and Mrs. John Spadaccino and Miss Lena Spadaccino, Cedar street, on Sunday attended the engagement party of Miss Mildred Spina, at Olney.

Mr. and Mrs. Harry Ranck and daughters, Irene and Violet Ruth are vacationing this week at their summer home at Ottsville.

Mrs. Edwood Goslin, Radcliffe street, left Saturday for California, where she will spend several weeks.

Mr. and Mrs. Howard Sharp, Mr. and Mrs. B. Fusco and daughter Mary Ann, Michael McCready, Swain street; Doris Grosz, Bath street; and Gaston Dennis, Bristol RD, spent Sunday in Bensalem, N. J.

Mrs. William Campbell, Jackson street, spent Saturday and Sunday in Glen Mills, visiting relatives. Ruth Campbell spent Friday until Tuesday in Newark, visiting Mr. and Mrs. Edward Gale, Jr.

Zarr Post, of Forty-Fort, is making an extended visit with Mr. and Mrs. George Zarr, Harriman Park.

### Today's Quiet Moment

(By the Rev. James R. Galley,  
Pastor, Bristol Presbyterian Church)

We thank Thee, O Father, for Thy blessed Word, given unto us under the inspiration of Thy Holy Spirit and including the only rule of faith and practice. May we learn to use Thy Word as an instrument of Thy Grace through which we might find a clearer picture of things present and things to come; as well as an accurate picture of Thy Son Jesus Christ, through Whom we have Life. In the Name of Christ we pray. Amen.

Gerald Yorty, Jackson street, is making an extended visit with his uncle and aunt, Mr. and Mrs. Elwood King, Hulmeville.

Miss Adelia Wright, Wood and Mulberry streets, was a guest during the past week of Mr. and Mrs. Joseph R. Cushing, Stonehurst; and Mr. and Mrs. Charles Porter, Drexel Hill.

Mr. and Mrs. Phillip Sacomanno, the Misses Frances, Grace and Josephine Sacomanno, Brooklyn, N. Y., were week-end guests of Mr. and Mrs. Gaetano Greco, Jefferson avenue. Joseph Favaro and daughter Eva, Brooklyn, were Sunday guests at the Greco home.

Mr. and Mrs. Hugh McGee and family, Tacony, spent Sunday with Mr. and Mrs. A. Danis, Mill street.

Mr. and Mrs. Arthur Kane and children Arthur, Dolores and Edward, Passaic, N. J., spent the week-end with Mr. and Mrs. Marinus Bakelaar, Farragut avenue.

Mrs. Jane Burton, Fallsington, was a guest the latter part of the week of Mr. and Mrs. Harvey L. Danfield, Beaver street.

Mrs. Gilbert Lovett, Bath street, has been ill at her home for the past week with intestinal gripe.

Samuel Rogers, who was operated upon in Abington Hospital for appendicitis, has returned to his home at Buckley street.

Benjamin Sroka, Farragut avenue, who was in Camp Lee, Va., has been transferred to Camp Wheeler, Ga.

Mr. and Mrs. A. Dixon, Radcliffe St., spent the week-end in Brooklyn, N. Y., visiting Mr. and Mrs. Frank Keating.

Classified Ads deliver the goods.

## Brings Speedy Comforting Relief To Tired, Aching, Burning Feet

This wonderful preparation now known all over America as Moore's Emerald Oil is so efficient in the treatment of common everyday foot troubles that the unbearable soreness and pain often stops with one application, and pleasant to use, it doesn't stain or leave a greasy residue. It is so powerfully deodorant that most unpleasant odors resulting from excessive foot perspiration are quickly killed. One bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort.

Get an original bottle of Moore's Emerald Oil. Any drugist in the country will be glad to supply you. Labeled Cut Rate Drug Store. (Advertisement)

## ON THE SCREENS

### BRISTOL THEATRE

"The Last Mile," as a stage play, was laid entirely within the one setting of a great prison death house. It's the story of the doomed men—faced with the inevitable, yet hoping their last fight made, and lost, yet watching, waiting, dreaming of a chance to fight again.

The film opened at Bristol Theatre yesterday.

Roland West, director, looked into the future a year when he decided to make "The Bat Whispers," featuring Chester Morris, on giant film.

The startling comedy-mystery, now showing at the Bristol Theatre, is the result of West's observation of the development of motion pictures.

### GRAND THEATRE

"The Bad Man," dramatic and comical adventure story of the cattle ranges, brings Wallace Beery to the Grand Theatre commencing today in his most picturesque role since "Viva Villa."

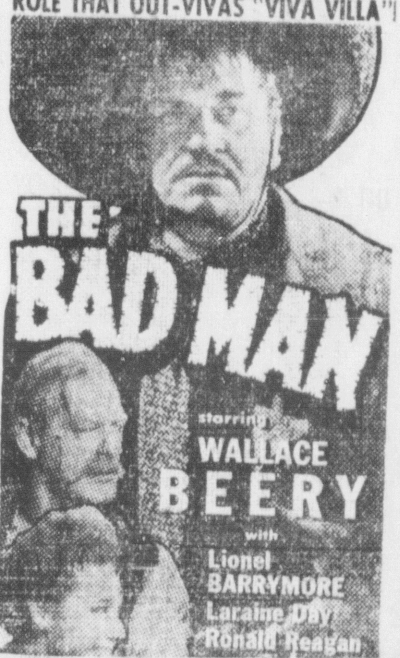

He enacts Pancho Lopez, Robin Hood of the cow country, in a whimsical adventure in which he applies bandit ethics to straighten out the lives of a group of "tenderfeet" with dramatic and sometimes ludicrous results.

Lionel Barrymore is teamed with Beery, playing the grizzled rancher who isn't afraid of him, and thereby providing much comical detail to the fast-moving story.

### RITZ THEATRE

Howls of dismay went up from Hollywood studios when it was discovered that, of the 14 outstanding stunt women in Hollywood, 10 of them were cast in one picture at Paramount. The picture was "Las Vegas Nights," featuring Tommy Dorsey and his band at the Ritz Theatre.

"Meet the Chump" is also showing.

### NEW HOT WEATHER CURE

PHILADELPHIA — (INS) — Capitalizing on a good thing, the Philadelphia Transportation Company is advertising that subway temperatures are 10 to 15 degrees cooler than those on the street.

The ads on subway entrances advise sweating pedestrians that cool underground traveling is just what the doctor ordered for those who would keep cool on hot summer days. How about in the winter? Well, doctors have a lot to say about wet feet and it doesn't snow or rain in subways.

### YOUTH TO LEAD ORCHESTRA

PHILADELPHIA — (INS) — For 27 of the 28 concerts at Robin Hood Dell this summer, Howard Vanderburg will be at his post at the pass gate of Philadelphia's famous outdoor concert center. But on Friday evening, August 1st, somebody else will be taking tickets. Vanderburg will be on the platform in front of the "Men of the Philadelphia Orchestra," singing. The 23-year-old artist is one of six young musicians who have won coveted engagements at the Dell in the new "Philadelphia Finca" series.

### The Watch On The Brine

By BETTY BARCLAY

Serious things are happening—far too near for comfort. One by one, the nations of our world have been drawn into history's most gigantic struggle. So far, we are merely watching—and preparing. We are still independent on Independence Day. We intend to remain independent.

"Three square meals a day" means America. While nations struggle, we can calmly prepare tasties like the following for that Fourth of July that means so much to us:

**Baked Canned Salmon with Lemon**  
Canned salmon offers a quickly prepared main course when served as follows. Accompany with parsley potatoes, asparagus, broiled tomatoes and a dessert.

Chill a 1 pound can of salmon. Remove fish from can and cut in 4 parts with a sharp knife. Arrange in a shallow baking dish and sprinkle with 1 tablespoon lemon juice and 4 tablespoons sharp French dressing. Place a bay leaf on each serving of salmon. Bake in hot oven (400° F.) about 20 minutes, or until heated through. Remove bay leaves. Decorate with paprika and serve with juice-providing lemon quarters. (Serves 6.)

**Maglo Fresh Fruit Refrigerator Cake**

1 1/2 cups (15 oz. can) sweetened condensed milk

1/4 cup lemon juice

1 cup quartered cherries, whole raspberries or sliced strawberries

24 vanilla or chocolate wafers

Blend sweetened condensed milk and lemon juice. Stir until mixture thickens. Add prepared fruit. Line narrow, oblong pan or spring form cake pan with wax paper. Cover with fruit mixture. Add layer of wafers, alternating in this way until fruit mixture is used; finishing with layer of wafers. Chill in refrigerator 6 hours or longer. To serve, turn out on small platter and carefully remove wax paper. Top may be decorated with fruit. Cut in slices and serve plain or with whipped cream. Serves 8.

**Peanut Brittle Ice Cream**

1 can Vanilla liquid ice cream mix

1/2 cup (1 can) milk

1 cup cream, whipped

1/4 cup crushed peanut brittle

Empty can of ice cream mix into a bowl. Fill can with milk and add gradually to mix, stirring until blended. Fold in cream and candy. Turn into freezing tray of automatic refrigerator, setting control for coldest freezing temperature. Stir thoroughly once after first 1/2 hour of freezing. Freezing time: 2 1/2 to 3 hours. Makes about 1 1/2 pints ice cream.

**Coffee Sparkle**

When you serve refreshments on the Fourth of July, try this refreshing Coffee Sparkle. It's made with decaffeinated coffee, so that everybody can indulge in second and third cups without worrying over sleeping problems.

Add 1/2 pint vanilla ice cream to 1 pint cold, freshly made decaffeinated coffee. Beat with an egg beater until creamy. Fill glasses 3/4 full of this coffee, then fill with ginger ale.

## LEGION JUNIORS BEAT LANGHORNE IN EASY FASHION

Hopkins Allows Only Four Hits and Keeps Opponents Guessing

BOCARD LED BATTERS

Langhorne Used Four Pitchers In Effort to Stop Bristol

The Bristol Legion Juniors defeated the Langhorne Legion Juniors by the score of 6 to 1. Hopkins' pitching was very good allowing only four hits. Bocard led the hitting with two out of three times at bat. Bristol's big inning was the third when they scored four runs. Langhorne used four pitchers trying to stop Bristol's hitting. Fryhofer led the Langhorne batters with two hits. Bristol will play Doylestown Tuesday night at Landreth Ball Park, game starting at 6:30.

## TOUCHING ALL BASES... With JACK GILL

It takes all kinds of people to make a world. Now you take this auto racing fraternity, for instance. The dust-coated, grim-jawed, aluminum plate filled group that bound one another at Langhorne each week present a remarkable sports mural.

Anything can and usually does happen when you're careening around curves at a speed averaging well over 90 miles per hour. Racing skill often is overlapped by misfortune. The greatest handlers of cars the sport has ever known are mere names in the past record books today. Doc MacKenzie, Billy Winn, "Wild" Bill Cummings, Jimmy Gleason and Johnny Hannon were all heavy leathers with a will to win and a sense of daring. And all of them could manipulate their cars with skill and precision.

When you're travelling out on the highway the burden traffic is switched to the outer lane. From our vantage spot in the Langhorne stands this year we believe that the slow movers in the "clunkers" get in the way of the fastest often enough to create real pandemonium. During the course of a hot race the leaders are forced to shoot in and out of weaving fields in hot pursuit of one another. Thus far they have done a marvelous job of it.

As grim as the business is, there is never any talk of the inevitable. But during the proceedings that lead up to the start of a feature event, the pilots take on that determined aspect. Lining up for the big show, drivers nervously fumble helmets and anxiously puff on cigarettes as the tow cars shoot in and out.

What we are impressed with in this crazy business is the fraternity. No where in sports is there a group so closely knit together. Race drivers on the average are rough and tumble guys. They work in grime all week trying to perfect the mechanism in their mounts, and they slide around in sifting dust on Sunday sometimes to place high and snatch a hunk of prize money or flounder into the pits with motor trouble.

Happy, carefree and jovial, the gang goes on and on. A star is born with a heavy foot and a powerful car. He shoots across the dirt track circuit like a comet. He slips on a wet piece of oil and his name is erased from the current competitors. New stars and young faces appear, fade and re-appear.

A couple of weeks ago the drivers shed their heavy helmets and like soldiers went through the stands collecting odd coins for a fellow driver, Everett Saylor. Saylor was painfully injured in the last Indianapolis 500 and still remains on a hospital cot in the Methodist Hospital of that town. All told, the hard bitten fans dumper over \$500 in the dental helmets of the drivers. Saylor's wife and little girl probably used it sensibly.

Then there was Ted Horn. The Paterson driver is among the steadiest in the business. Last week he called all the drivers to Joe Chitwood's car and in ceremony that would befit a king, presented the Eastern champion with a mascot. Naturally it would be a turtle.

The death of Metz Simms last week was the first of the season. Fans, drivers and officials hope it is the last. There was a period when fans went to the races like old time Spaniards envisioned a gore at the bullfights. Shorter races have made the speed duels so interesting that the spectators now take the race as a race and not as a thrill expectancy.

Some of the boys politely and seriously tell you that they would rather be riding the outside rim of the Langhorne Speedway than the inside lane of a superhighway on a Sunday afternoon. Maybe they've got something there!

## Parade Precedes Scout Investiture Ceremony

HULMEVILLE, June 26—Ten lads were inducted into Hulmeville Boy Scout troop last evening when an investiture service in the local lodge room followed a street parade.

The parade, starting in the early evening was headed by members of the troop committee and Scoutmaster of Hulmeville Boy Scouts, with music being provided by the Jones Band of Philadelphia. The members of the troop followed, the marchers traversing Main street.

In the lodge room where the Scouts have their headquarters, Jesse Daugherty, Scoutmaster, conducted the investiture ceremony. A welcome was extended the audience by the Rev. Wilmer E. Harkness, chairman of the troop committee; he also expressing appreciation to the band members for giving so freely of their talent and time. Several selections were rendered during the evening, and well received.

The musical organization of 20 pieces came here at the invitation of a member of the troop committee, Charles Herrmann, Sr., who was formerly connected with the group.

During the investiture, the Scout oath and laws were given by various members of the troop in the candle-lighting ceremony. The boys inducted as Tenderfoot Scouts are: Richard Vansant, Mark Shapcott, Theodore Goll, Donald Haefner, Elwyn Hill, Raymond Saenz, Louis Saenz, John Uhl, William Gardner, Stephen Winder.

Troop pins were presented to each by the Rev. Mr. Harkness; and welcome was extended the lads by Messrs. Arthur Martindell, Charles Herrmann, Sr., and Edward Myers, troop committeemen. Other committee members, who were unable to attend are: Stephen Sutton and the Rev. Louis E. Pifer. The Scoutmaster, Mr. Daugherty, has as his assistants Richard Gledhill and Frank Binder. In a report made by Scoutmaster Daugherty it was shown there is now a total of 31 Scouts in the troop from Hulmeville and surrounding territory. "We intend to increase the number until all boys of Scout age are included in the troop," he added. He mentioned that formation of a Cub Pack is planned; also more advanced work for the older boys. Support of the public in the Scout movement was requested. On Saturday next the troop will conduct a bake sale at Ettinger's store, to raise funds for their treasury.

## First Aid Stations To Operate Separately

Continued From Page One

The following statement was issued by Jesse Carr, publicity director:

"At a meeting just held of the Bucks County Rescue Squad, consisting of the Croydon Station located on Maryland avenue, in Croydon, and the Parkland Station, located on the Lincoln Highway, in Parkland, it was decided that each station would now operate as separate and independent organization, each having their own officers and controlling their own finances.

"The Parkland Station will now be known as the Parkland First Aid Station, and the Croydon Station will continue to be known as the Bucks County Rescue Squad. The Parkland Station has now reached a point where they can now take care of their own finances, and will send out their appeals for funds in the name of the Parkland First Aid Station, and the Croydon Station will continue to send out their appeals in the name of the Bucks County Rescue Squad as they have in the past.

"Joseph Law is President of the Parkland First Aid Station, and Russell Marshall remains as President of the Bucks County Rescue Squad. Although being separate organizations they will continue to respond to each other's call for help, when needing assistance, as the feeling of friendship for each other is very great."

# RECIPES: Those Which Interest Women

## Ice Cream Weather

### Hand Freezer Method of Making Ice Cream Popular With Many

Although the automatic refrigerator is used a great deal in making ice cream today, many homemakers still prefer to make it in the good old hand freezer. This reliable method always produces that smooth, light ice cream that never loses its popularity. The recipes given below will enable you to serve a "cool off" dish on any warm, early-summer evening. And Mother! Why not have a freezer full of ice cream for Dad and Junior when they return from the baseball game—or at least have it ready for masculine arms that are always willing to handle this particular type of "crank."

#### Basic Recipe

Dissolve rennet tablets by crushing in cold water in a cup. Warm the milk and cream, sweetening and flavoring, slowly, stirring constantly. Test a drop on inside of wrist frequently. When comfortably warm (120 degrees F.) not hot, remove at once from heat. Add dissolved tablets; stir quickly a few seconds only; pour at once, while still liquid, into freezer can and let set at room temperature until firm and cool. Freeze in ice and salt mixture, 4 parts ice to 1 part ice cream salt. Turn freezer about 10 minutes. Remove dasher. Repack with ice and salt and let set until ready to serve. The recipes given will make approximately one-half gallon each.

#### Vanilla Rennet-Custard Ice Cream

2 rennet tablets  
2 tablespoons cold water  
3 cups milk  
1 cup heavy cream  
1 cup sugar  
1 tablespoon vanilla

Make rennet-custard ice cream according to direction as given for basic recipe.

#### Grape Rennet-Custard Ice Cream

2 rennet tablets  
2 tablespoons cold water  
2½ cups milk  
1 cup heavy cream  
1 cup sugar (more sugar may be added if desired)  
1½ cups grape juice

Make rennet-custard ice cream according to directions as given for basic recipe. When frozen to a soft mush, add fruit juices and finish freezing. Remove dasher. Repack with ice and salt and let set until ready to serve.

#### Goldenrod Eggs

¼ cup melted butter  
¼ cup flour  
½ teaspoon salt  
Pepper to taste  
2 cups milk  
4 hard cooked eggs

Blend butter, flour, salt and pepper. Heat mixture and add milk gradually in ½ cup lots. Stir after each addition.

to make a smooth sauce. Separate yolks and whites of eggs. Slice the whites and add to the prepared sauce. Pour sauce into unmolded spinach ring. Press yolks through a coarse strainer to the sauce. Garnish with paprika, parsley and lemon quarters. (Serves 8).

## Mutton Dishes

Have you ever tried mutton chops or a roast leg of mutton? If not, try the following recipes when you get an opportunity—and see what you have been missing:

#### Roast Leg of Mutton

1 leg of mutton  
Flour  
Salt and pepper

Wipe the mutton with a damp cloth, remove the outside skin and excess of fat, sprinkle it with salt, pepper and flour, and place on a rack in a roasting pan. Set in a very hot oven (500 degrees F.) After 15 minutes, reduce the heat to 350 degrees F. for the rest of the cooking period. Allow 18 to 20 minutes to a pound for roasting. When the meat is done, remove it from the pan. Also remove all except one tablespoon of the fat. In this, brown two tablespoons flour, add one and one-half cups boiling water, and stir constantly until it thickens. Cook two minutes. Season to taste and strain. Serve as gravy.

#### Mutton Chops

6 mutton chops  
Oil  
Salt and pepper

Mutton chops should be not less than one inch thick. The best way to cook them is to broil them. Sprinkle with salt and pepper, oil on both sides and broil, turning very often. Have them slightly underdone, and serve on a hot chop-dish, garnishing with French fried potatoes and sprigs of parsley. If preferred these chops may be breaded. Select chops with little fat, or trim off the fat, dip them in well-beaten egg, roll in cracker crumbs, and fry in deep fat (375-400 degrees F.). Serve with tomato sauce.

## Flavorous Parsnips

By Betty Barelay

I know many people do not like the flavor of parsnips. To me this is pathetic, for the parsnip comes close to being my favorite vegetable.

For those of you who do like the flavor of parsnip, I offer the following recipes:

#### Creamed Parsnips

12 medium-sized parsnips  
1 cup milk  
Salt and pepper  
2 tablespoons flour  
2 tablespoons fat

Young parsnips are most desirable, but old ones may be used if the woody center is removed.

Wash and scrape the parsnips, and boil them until tender. Drain and cut them into small pieces. Make a sauce of the fat, flour, milk and seasonings. Add the cooked parsnips and...

#### Fried Parsnips

12 medium-sized parsnips  
Flour or fine crumbs  
Salt and pepper

Scrape and boil the parsnips until tender. If old, remove the woody centers. Drain, and when cold, cut them in long, thin slices about one-third of an inch thick, and season each slice with salt and pepper. Dip the slices in flour or fine crumbs and saute in fat or oil or both until both sides are thoroughly browned. Drain well and serve very hot.

## Warm Weather Beverages

Warm weather and cooling beverages go hand in hand so it's time for the model hostess to familiarize herself with recipes for summer drinks which will meet with the approval of her guests and add a note of refreshing goodness to many an afternoon's entertainment during the coming months.

There are many fancy drinks combining a number of ingredients for the more "special" occasions but for basic all around drinks which may be made in a "jiffy" from fruits and juices usually on hand, the following using lemon juice and orange juice as a foundation are ideal:

#### Sunkist Lemonade

For each person served, allow:  
1 Sunkist lemon  
1 to 3 tablespoons sugar or honey

#### 1 cup cold water

Ice  
Extract lemon juice. Add sugar to taste. Stir to dissolve. Add water. Serve over ice in large glasses. Garnish with lemon slice on rim and a maraschino cherry, if desired.

#### Lemon Ginger Flip

1 lemon, extract juice  
½ orange, extract juice  
Sugar to taste  
Crushed ice to fill ½ glass  
Combine and fill glass with:  
Ginger ale

Add:  
A bit of shredded yellow peel from lemon (Serve 1.)

#### Sorority Orange Special

5 cups orange juice  
1½ cups lemon juice  
2½ cups raspberry or cranberry juice  
1 cup sugar syrup  
1 quart carbonated beverage  
Orange and lemon slices and berries

Mix fruit juices and syrup. Just before serving add carbonated beverage and pour over cracked ice in tall glasses or a punch bowl. Garnish with orange and lemon slices and whole berries. (Serves 12.)

## Fish and Chips

With a deep fat fryer, "fish and chips" is easily served at home. Clean fillets of fish. Season with salt and

pepper. Sprinkle generously with lemon juice, then roll in flour, dip in a thin batter and fry at 360 degrees F. in deep fat. The lemon juice makes the flour cling to the fish and the flour makes batter cling evenly. Serve with French fried potatoes or potato chips and an orange and watercress salad. Accompany fish with generous servings of lemon quarters.

To make batter, sift together 1 cup sifted flour, 1 teaspoon baking powder, ½ teaspoon salt. Beat 2 eggs, add two-thirds cup milk and 1 tablespoon melted butter. Combine with sifted ingredients. Beat into a smooth batter.

LIMA, O.—(INS)—Mrs. Frances Davis, 34-year-old housewife, was elec-

trouced when she touched the base of a floor lamp with one hand while holding the handle of an electric vacuum in the other. Electricians said there must have been an unusual short circuit and ground connection between the lamp and sweeper.

## SOLDIERS LIKE BEANS

CAMP BOWIE, Texas.—(INS)—Soldiers may complain about beans. There's been many a joke about the lowly vegetable. But mess sergeants of the 36th Division at Camp Bowie, Texas, report that week in and week out, beans is the most popular dish. The report says the second most popular food item is dessert; and coffee

rates third. Least popular on the soldiers' menu are beets, carrots and rice.

## WOOL LABELING IS A GREAT AID TO THE NUMEROUS CONSUMERS

By Miss Edna Stephany  
(Home Economics Representative)

For several years satisfactory informative labeling of fabrics has been a goal toward which thousands of women have been working and each year shows that some progress is made.

Within the last few years, the Federal Trade Commission has made rulings for labeling of rayon, silk, linen, and for shrinkage of cotton. After July 1941, wool fabrics also will be labeled.

Briefly, the wool labeling act means that goods put on sale will have to be fully labeled as to wool and other fiber content. In ready-made garments this will not apply to lining and interior construction.

Every woman will want to understand the meaning of four terms to be used on labels: Wool, reprocessed wool, reused wool, and wool product.

Wool means the fiber from the fleece of sheep, lamb, or cashmere goat, and the hair of angora rabbit and goat, fiber which never has been reclaimed from any woven or felted fabric. "Virgin wool" will not be used, but wool will be equivalent to that term.

Reprocessed wool is wool fiber made from woven or felted wool material which has never been used by the final consumer. For example, scraps from cutting garments, samples used in tailor shops, or scraps from knitting garments may go into reprocessed wool.

The term reused wool is wool fiber made from woven or felted wool material which has been used by the ultimate consumer. Reprocessed and reused wool are materials which previously were referred to as "shoddy." Consumers must remember that the wool fiber in these three groups may be of good or poor quality.

Wool product means any product which contains or is represented as containing wool, reprocessed wool, or reused wool.

The label must state the amount of wool, reprocessed wool, or reused

wool put in the fabrics. It also must state the fiber content other than wool if it amounts to more than 5 per cent. In addition, a label must show the name of the manufacturer or the retailer, provided the latter gives the same information required of the manufacturer.

The provisions of this wool labeling law do not apply to carpets, rugs, or upholstery fabric.

## FASHION PARADE

By Max Factor, Jr.  
(Famous Hollywood Make-Up Specialist Writing For I. N. S.)

HOLLYWOOD—(INS)—"Her skin is so perfect that she doesn't need any make-up at all!"

It is always pleasant to hear of, or observe, a woman whose skin is so flawless and beautiful that it can inspire the foregoing remark. A perfect complexion is a rare and priceless glamour asset, and the woman who possesses it is indeed fortunate.

The fact still remains, however, that having a perfect skin has no bearing whatsoever on whether a woman should or should not use make-up.

Basically, the feminine attitude toward the grooming of beauty with make-up should be governed by the degree of her appreciation for the natural beauty with which she is endowed.

If a woman has beautiful hair, facial features, and complexion, but for some mysterious reason takes no pride in the possession of these glamour assets, there are no arguments which I can think of that would convince her that she should spend time and effort on her grooming.

But, if the possessor of an abundance of naturally attractive features and perfections does appreciate her good fortune in possessing them, there are many convincing reasons why she should condition them regularly and with the utmost care.

Natural, uncarved-for-feminine beauty is somewhat comparable to that proverbial "diamond in the rough." The diamond, even in its original untreated form, is valuable. But, expertly groomed by a skilled lapidary, the stone greatly increases in value, and

becomes a permanent thing of beauty. In the same manner, expert grooming care makes naturally beautiful women more beautiful, and greatly prolongs the life of this beauty.

We find, very frequently, that natural feminine beauty is rather short-lived. Such brevity in the duration of beauty is regularly discernable today among the peasant girls of more than one foreign nation. Their youthful good looks quickly bloom and just as quickly fade. And this same swift rise and decline of feminine appearance attractiveness was fairly widely evident even in this country as recently as three decades ago.

It should not be concluded, however, that make-up grooming alone is responsible for the general disappearance of this swift mortality of appearance glamor in the United States.

Widespread improvement of living conditions, with the increased number of hours of freedom from back-breaking drudgery which went with it, was an important primary cause. Then, with this freedom, came opportunity to appreciate and practice all of those grooming devices which embellished and prolonged the appearance of natural beauty.

So, even if you have the perfect skin mentioned in the opening of this article, don't be too nonchalantly smug about its possession, if you really prize it.

Failure to cleanse or condition it as thoroughly as you might can easily flout its perfection. And no matter how perfect a feminine skin may be, the glamor criterions of today still insist that an average complexion lightly smoothed and toned with face powder is more intriguing than even a super-perfect one which has not been so complemented.

## HULMEVILLE

Mr. and Mrs. Stephen Sutton and family are participating in a motor trip through the Southern states, going as far as Florida.

Twenty-five Ladies' Aid Society members assembled in the Nesaminy Methodist Church social hall, Tuesday evening, for a business and social meeting, with Mrs. Samuel K. Faust

presiding. The Aid donated \$5 to the Fifth Street Mission, Philadelphia. Plans were outlined for the Sunday School picnic to be held on July 19th at Willow Grove Park. The devotional period was in charge of Mrs. E. D. Adler. During the social hour, Wallace Davis showed colored slides, including many scenes taken in Michigan and New York state, as well as in this area. Refreshments were partaken of.

A request has been made by national

headquarters of the Selective Service set-up, through state and local groups of the national defense plan, that residents display the American flag on Tuesday next, the second selective service registration day. It is asked that flags be displayed at all local homes, thus giving due recognition to the importance of the day.

If you have a house to rent, advertise it in The Courier.  
Classified Ads deliver the goods.

**RETREAT**

You know you have always wanted a little place in the woods where you can go weekends and vacations to loaf and invite your soul; but you have never gotten around to it. This year, do it! Here's just the little cabin you have in mind. It has all you need indoors, and the large, screened porch is practically an extra room. It would cost very little to have built, or you can build it yourself. Write to the National Lumber Manufacturers Association, 1337 Connecticut Avenue, Washington, D. C., referring to Design Nova, for details.

## RACING STARS TO PILOT SPEEDBOATS ON DELAWARE RIVER

World's Fastest Boat and Well-Known Pilots To Compete

AT TORRESDALE CLUB

Two of the Contestants Will Be Bucks County Residents

TORRESDALE, June 26—Sunday afternoon, beginning at one o'clock, local sport enthusiasts will have an opportunity of seeing the world's fastest boats and their record-holding drivers in action on the Delaware River when the Delaware River Yacht Club, located at Milnor street and the Delaware River, stages their speedboat regatta.

There will be ample opportunity for all to witness these races, run in five-mile heats over a two and one half mile oval course from the mouth of the Pocomoke Creek with the lower turn off Pleasant Hill Bathing Beach at the foot of Linden avenue.

Among the world record holders who have signified their intentions to race over the local course are: H. Tracey Johnson, driving his new boat "Trammar," Lou Burk, in his "Senorita," Walter Jennings, piloting "Minerva," H. Barclay Stevenson, in the "Babe," and Ray Reider, in the "Jo-Ann." Miss Polly Wright, of Philadelphia, only female record holder of last season, will drive Bill Glazier's "Jim-Jam."

The out-of-town contingent will be headed by Jack "Pop" Cooper, the 63-year-old speedster from Kansas City, who has broken more records than any man in the racing game and who will drive "Tops III." Others are Thomas Ehrhart, of York, Pa., in "Doris III," Norman Frey, of Lancaster, in "Ala Baby," Frank Vintchger, of Morristown, N. J., in "Tortuga," Barney Russell, of North Long Branch, N. J., in the "Rustle," and Sam Crooks, of Rumson, N. J., in another new boat named the "Dragon."

Tommy Glennon, of West Chester, Pa., winner of the famous Auerbach Trophy Race in Miami in March will have plenty of competition for his "Wild Goose" when the Ohio contingent led by Gibson Bradfield, of Barnesville, Ohio, in the "Hep-Cat," and Dr. R. E. Wolfe, of Urbichville, Ohio, in the "Ma-Fah" meet him at the starting line.

Races are scheduled at 20-minute intervals, beginning at one p. m., until 5:30 p. m., with amplification for description of boats, drivers and races, for the information of the spectators.

Listed among the starters in the Delaware River Yacht Club's Regatta will be Dr. M. A. Havrin, popular dentist from Cornwells Heights, and Ray Reider, a summer resident of Echo Beach.

Dr. Havrin will be driving a brand new Class A racing boat in the first race of the afternoon. It is a beautiful trim white racing craft with natural wood decks, named "The Gooch," and is stream-lined to the nth degree. This boat, by the way, is the handiwork of the local dentist, and will surely make it hot for the other contestants in this class, which features two former record holders, the present record being held by Bill Glazier's "Jim-Jam," which will be driven this weekend by Miss Polly Wright, of Philadelphia, the only woman to hang up a world's record in speed-boating during the past year. The other boat, the "Senorita," will be driven by the well-known Philadelphia sportsman, Louis Burk.

The other Bucks Countyman entered will be Ray Reider, who last year hung up a new class "D" world record in his boat, "Jo-Ann I," which he pounded apart in the President's Cup Regatta in Washington last fall. Ray is driving a brand new "Jo-Ann II," which in test runs has proved faster than its predecessor and now it remains to be seen what it will do when it stacks up against Tom Ehrhart, of York, in his Doris III, and Walter Jennings, of Ocean City, in his "Minerva," record - holding boats over mile courses.

## DODGER SCOUT

By Jack Sords

GEORGE IS RATED ONE OF THE GAME'S MOST BRILLIANT STRATEGISTS

GEORGE UHLE  
FORMER PITCHER  
ACE OF THE CLEVELAND INDIANS, HIRED AS A PITCHER FOR THE BROOKLYN DODGERS

## SECOND HALF OF LEAGUE WILL START TONIGHT

The second half race of the Bristol Suburban League will get under way tonight with games being scheduled on Leedom's and St. Ann's field. On the former field, the Odd Fellows meet the Auto Boys while on St. Ann's field, Voltz-Texaco plays St. Ann's.

One team, Badenhausen, has already played a game of the second half, winning over Diamond. However, it was Diamond's final game of the first half so the loss did not mean much to the Diamantians.

It is most likely that Bragg will pitch for the Auto Boys while the Odd Fellows start Norman Vandegrift on the hill. Vandegrift had started the game on Monday night and was nicked for a run in the first.

Paul Cervello will pitch for St. Ann's while Hal Shackleton is due to do the pitching for the Voltz-men.

Both games are scheduled for 6:30 o'clock.

## BRISTOL SUBURBAN LEAGUE

## Penna. Banks Make 1,491,000 Loans

Fifty-five per cent of the banks in Pennsylvania made more than 1,491,000 loans totaling \$1,778,000,000 to business firms and individuals throughout the state during the second half of 1940, according to the semi-annual survey of bank lending activity made by the Research Council of the American Bankers Association.

The A. B. A. loan survey was participated in by 602 Pennsylvania banks, or 55.9 per cent of the 1,077 banks in the state.

These 602 banks reported that they made between July 1st and December 31st, 1940:

389,317 new loans totaling	\$ 681,784,711
1,098,550 renewals of loans totaling	1,050,576,396
12,316 new mortgage loans totaling	46,338,362

The survey showed that business firms in the state used about one-third of the "confirmed open lines of credit" maintained for their use on the books of banks. A total of 183 banks in the larger centers of the state reported that they carried on their books \$467,901,268 in "open lines of credit" offered to and kept available for regular borrowers for use as needed by them. Of this amount \$171,624,213 or 36.7 per cent was used.

The average number of new loans made per bank during the six months period under review was 638 and the average size of loan was \$1,793.

The average number of loans renewed per bank was 1,843 and the average renewal was for \$956.

The average number of new mortgage loans made per bank was 29 and the average new mortgage made was for \$3,762.

CORVALLIS, Ore. — (INS) — One of the finest collections of birds' eggs and mounted birds in the United States was recently presented to Oregon State College by Mr. and Mrs. J. C. Braly of Depoe Bay, Ore. The famous collection, containing 32,500 eggs, 1,000 mounted birds and 1,200 bird skins, was given to the biology department of the college as an aid to educational and research work.

## BOOM HOLIDAY TRAFFIC

CHICAGO—(INS)—Fourth of July this year will bring the largest traffic jam in the nation's history, the National Safety Council predicted today. More than 30,000,000 vehicles will pack the highways over the Fourth of July week-end, the council said. They will travel four billion miles, the greatest total ever rolled in a three-day holiday.

## COMING EVENTS

Organizations whose announcements are printed in this column can reciprocate by having all printing in connection with announced events done by the publishers of this paper. Information must be complete when first given as alterations cannot be made after they have once been put into type.
